TOWN WARRANT

STATE OF NEW HAMPSHIRE

(L. S.)

To the inhabitants of the Town of Hampstead in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said Hampstead on Tuesday, the ninth day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for the same.

3. To see if the Town will vote to raise such amounts as recommended by N. H. Highway Department.

4. To see what sum of money the Town will vote to keep the highways and bridges in repair and what method they will adopt to expend the same.

5. To see what action the Town will take in regard to the use of the Bailey field. (By request.)

6. To see what action the Town will take in regard to purchasing a tractor and plow for breaking roads or other purposes, and raising and appropriating money for same. (By request).

7. To see if the Town will vote to elect a Patrol for the Town roads and raise or appropriate money for the same.

8. To see what sum of money the Town will vote

to raise or appropriate to meet the expense of the Public Library the ensuing year.

9. To see what sum of money the Town will vote to raise or appropriate for the observance of Memorial Day, and what method they will adopt to expend the same.

* 10. To see what sum of money the Town will vote to raise or appropriate for the care of cemeteries the ensuing year.

11. To see if the Town will vote to authorize the selectmen to hire money for the use of the Town.

12. To hear the reports of auditors and committees and act thereon.

13. To see if the Town will choose a Budget committee of six, two for three years, two for two years and two for one year, whose duty shall be co-operating with the selectmen, to prepare as prescribed by law, the annual Town Budget, and acting in an advisory capacity to make recommendations on the articles of the Town warrant.

14. To see what sum of money the Town will vote to raise to resurface improved town roads.

15. To see what sum of money the Town will raise, if any, to improve the road at Miles' Corner (so-called) at E. Hampstead.

16. To see what sum of money the Town will vote to raise, or appropriate to be used in improving the Wash Pond or Page Road (so-called) the same to be used under the supervision of the selectmen. (By request.)

17. To see what sum of money the Town will vote to raise, if any, to extend the gravel road on the Kent's Farm Road.

18. To see if the Town will vote to reimburse the

committee for the expense of placing the Memorial Tablet in the High School building.

19. To see if the Town will vote to build sheds or buildings for housing town property, and raise or appropriate money for the same.

20. To see what sum of money the Town will vote to raise to install proper fire escape and make repairs on Town Hall.

21. To see if the Town will authorize the selectmen to have part of the town lines surveyed, where bounds are missing and suitable bounds installed, and raise or appropriate money for the same.

22. To see what action the Town will take, if any, in regard to town forests.

23. To see if the Town will vote to raise or appropriate the sum of \$500.00 for resurfacing and repairing Central street. (By request).

24. To transact any other business that may legally come before the meeting.

Given under our hands and seal, this fifteenth day of February, in the year of our Lord nineteen hundred and twenty-six.

CHARLES A. BROOKS,
EVERETT C. MILLS,
JOHN A. HUTTON,

Selectmen of Hampstead.

THE HIGH SCHOOL

To the Superintendent and School Board:

Enrollment of the High School for 1924-25:

	Agricultural Course (Boys)	Domestic Science Course (Girls)
Seniors	2	3
Juniors	3	1
Sophomores	1	6
Freshmen	6	3
	—	—
	12	13—25 pupils

Enrollment of the Junior High School for 1924-25:

	Boys	Girls
Eighth Grade	8	7—15 pupils
Seventh Grade	5	8—13 "
		—
		28 "

The Seniors that were graduated in June 1925:

Alice Bickford	Lorena Heddemon
Eunice Chase	Henry Tait
Jesse Davis	

During the year 1924-25 the teachers time was crowded giving little opportunity to teach the fundamentals or any thing other than that directly related to the subjects in the program. The State requirements for each subject were covered and in most instances additional work accomplished. In the High School the Agricultural and Domestic Science courses were offered while in the Junior High one course only was offered with the exception of Manual Training for boys and Domestic Science for girls.

The addition of another teacher in September 1925 allowed the program to be changed so that four courses were offered. Namely the Agricultural, Domestic Science, Classical and Citizenship courses. This arrangement makes a very satisfactory program and allows for a selection of courses which is very desirable and meets the needs of nearly every pupil. A number of the more able pupils are carrying the

requirements for two courses to broaden their training. The commercial subjects that have been added in the Citizenship course have been very popular and many have elected those subjects even though they are not taking that course.

In the Junior High School the subject of French has been dropped and Commercial Arithmetic added in its place. The additional time made available by the increased staff has allowed us to teach the fundamentals much more thoroughly than before. This has been a much needed improvement and already shows its effect.

In closing I wish to express my appreciation for the support and interest of the Superintendent and School Board.

Respectfully submitted,

BRUCE E. RUSSELL,

Headmaster.

REPORT OF THE SUPERINTENDENT OF SCHOOLS TO THE SCHOOL BOARD

To the School Board and Citizens of Hampstead:

It gives me pleasure to submit my third annual report of the schools of Hampstead:

FUNDAMENTALS

Emphasis has been laid strongly on the acquiring of good ability in the three R's. The needs of pupils in these fields are frequently diagnosed and remedial drills provided. It may be stated that pupils of Hampstead schools measure well up to the average achievements of elementary pupils of the state. Much stress has been laid on the ability to use correct English also. Teachers provide daily opportunity by well organized plans for pupils to improve their proficiency in this field:

OTHER SUBJECTS

Much effort has been made to make study of the social sciences more effective. Frequent discussions on the teaching of history and geography were held. Supplementary material in these fields was provided, map equipment brought up to

date, and methods of instruction improved. Citizenship clubs were organized and the discussion of problems was promoted. Promotion of better citizenship and a broader sympathy for the people of all nations is a fundamental aim in the field of instruction.

The teaching of health and care for the health is done on an efficient basis. The need of good food, proper recreation, sufficient rest, ample exercise are stressed throughout the teaching of physiology and hygiene. Teachers employ numerous devices for getting home to pupils these fundamental needs. It is a noteworthy fact that they display keen interest in taking better care of their physical bodies. The work of the teacher is carefully supplemented by the services of a well trained health nurse. In the short time during which health supervision has been employed, concrete measurement of results show that the work done is of lasting importance. Attention is called to the health report elsewhere.

Careful instruction is given on the effects of alcohol and narcotics on the human system in the elementary schools. The economic waste consequent to the use of alcohol and other narcotics is stressed in secondary school courses. The whole organization of subject matter in this field and methods employed in presenting it are calculated to get the attention of the child.

In music pupils are taught to read the "notes" and are given opportunity for appreciating various types of good music. It affords opportunity for relaxation and creates an atmosphere of charm about the school room. Music has a potent influence. One of the ancient citizens of Athens asked to give a reason for the greatness of the city replied, "Athens owes its greatness to the fact that it is a singing city." Your attention is called to the report of the supervisor of music elsewhere.

SUPERVISORY UNION 55

The supervisory union exists mainly for the purpose of electing a superintendent of schools and fixing his salary. It is made up of Salem, Plaistow, Hampstead, Newton, Atkinson,

and South Hampton. The following data will be of interest:

District	Schools	Teachers	Pupils (1925)
Salem	16	21	612
Plaistow	9	9	270
Hampstead	6	8	168
Newton	4	4	112
Atkinson	4	4	75
Atkinson Academy	1	2	20
South Hampton	1	1	66 34
Total			1291

I have completed three years of service in this union. During this time, I have made 2481 visits to teachers, attended 143 School Board Meetings, conferred at some length with chairmen of School Boards 188 times at their request, and have written approximately 3000 letters regarding School Business. This does not comprise the complete report of the activities of your superintendent, but it shows the character of the service which has been rendered.

I wish to extend to the School Board of Hampstead my cordial thanks for their hearty co-operation in the work of the schools. They have endeavored to meet the needs of the school system loyally and with energy. Under their wise guidance school property has been much improved and general morale raised.

Teachers of Hampstead have given earnestly of their time. It is particularly noticeable that they have taken deep interest in boys and girls as individuals and given them wise council and guidance. They are worthy of the commendation of Hampstead citizens.

Respectfully submitted,

MUSIC

To the Superintendent and School Board:

It is with pleasure, that I submit my annual report as Supervisor of Music in the Hampstead schools.

In the annual reports, I have more than once given the aims of the work in detail, but this year I will give a quotation from a new outline of our series of text books: We seek "to develop power and enthusiasm in participation and enjoyment in listening."

Within the past year "Intermediate Music" published by Ginn & Co., has been introduced in grades four, five and six. This book is one of special charm and beauty, a collection of one, two and three-part songs. In the lower grades "Sight Singing Exercises" by Hollis Dann is used, and is a satisfactory book for

working out the problems in grades one, two and three. In grades four, five and six the children are given some work in musical appreciation. They have learned the instruments belonging to the four sections of the orchestra namely: string, wood-wind, brass and percussion. This work is done by means of victrola records

The Junior High pupils are being prepared for a music memory test. The test will be a competitive one between pupils of the same grades in Hampstead, Plaislow and Salem. The contest which is to be given in May is based on the year's work with Victrola records and piano compositions carefully selected from the best known classics. The chorus work in this department and in the Senior Class is being carried on along the usual lines.

In looking back over the year's work I find in every case co-operation and pleasant classroom associations. In conclusion let me thank the Superintendent, School Board and Teachers for their continued interest and support.

Respectfully submitted,
EVA A. THOMPSON.
